Rodeo Drive Auction House

"I recently acquired an animated cartoon production cell from Rodeo Drive Auction House, facilitated by Metro Studio Productions. This unique piece, an actual frame from a full-length feature film, is a testament to the meticulous artistry and historical significance of traditional animation. The Rodeo Drive Auction House provided exceptional service, including a Certificate of Authenticity and an Appraised Value of the Animation Production Cell. I highly recommend Rodeo Drive Auction House and Metro Studio Productions for their dedication to preserving and presenting valuable pieces of animation history."
